## Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2020 actual results compared to the FY2020 Liquidity Plan and FY2019 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:
  - The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.
- Complete cash data has not yet been obtained as of the date of this report due to the closure of all non-essential governmental operations as part of the lockdown that has been in place since March 15, 2020 at 6:00 PM. The closure was called by Executive Order #2020-023, which aims to thwart the spread of COVID-19 in Puerto Rico. Executive Orders #2020-29, #2020-33, and #2020-34, #2020-38, and #2020-41 extended the lockdown. It will continue through June 15, 2020, albeit on increasingly less strict terms as a phased "reopening" begins. As a result, some government employees are working from home and may not have access to relevant systems to provide the necessary data to produce the complete TSA Cash Flow Report. The impact of the Executive Orders and COVID-19 on revenue of government operations, collection of these revenues, and disbursement of funds is being evaluated.

Cash Flow line item	Variance Bridge (\$M)	Comments
Liquidity Plan Projected Cash Balance, 6/12/20	\$ 9,230	<p>1. The favorable variance in General Fund appropriations is due to DTPR withholding the ASES December through June GF appropriations (\$535M). ASES currently has adequate cash on-hand to cover immediate and near-term expenses. This is partially offset by appropriations from the FOMB-approved COVID-19 Emergency Measures Support Package, including: \$100M COVID-related support to various municipalities, a \$60M transfer to DDEC to be disbursed to small businesses, transfers to hospitals totaling \$13.5M for the purchase of medical supplies and services, \$4.7M to various entities to provide payments to nurses, and \$1.7M to UPR for COVID-19 research.</p> <p>2. As of the date of this report, YTD variance is mainly driven by the Department of Education and the Health Department. There has also been a \$66M build in AP since the lockdown was imposed on March 15, 2020. This signals invoice processing delays due to COVID-19 and the imposed lockdown may be driving an additional slowdown in vendor disbursements.</p> <p>3. Tax refunds variance is driven by \$77M of direct payments to self-employed individuals and an additional \$81M to private sector doctors, nurses, and other medical services providers, all as part of the COVID-19 Emergency Measures Support Package.</p> <p>4. State collections are approximately \$2,034M behind plan. The main driver is underperformance related to reduced economic activity as a result of the COVID-19 global pandemic. Additionally, portions of the YTD variance are driven by temporary operational delays in sweeping cash from the main collection account into the TSA and this difference is expected to be offset in future months.</p>

*YTD TSA Cash Flow Summary - Actual vs LP*

**YTD Actuals vs. Liquidity Plan**

YTD net cash flow is \$436M and cash flow variance to the Liquidity Plan is -\$1,569M. Lower than expected cash flow is largely due to the impact of the COVID-19 crisis on state revenues.

**Puerto Rico Department of Treasury | AAFAF**

**YTD Cash Flow Summary - TSA Cash Flow Actual Results**

**Net Cash Flow - YTD Actuals**

- 1.) State fund cash flows account for the majority of the cash build with the primary positive drivers being strong General Fund collections and on-budget spending. Federal Fund inflows of \$6,846M represent 39% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net deficit of \$3M (Refer to page 13 for additional detail).

**Net Cash Flow YTD Variance - LP vs. Actual**

- 1.) The negative variance in YTD collections is mainly driven by underperformance related to reduced economic activity as a result of the COVID-19 global pandemic. Additionally, portions of the YTD variance are driven by temporary operational delays in sweeping cash from the main collection account into the TSA and this difference is expected to be offset in future months.

### ***FY20 TSA Cash Flow Actual Results - Footnotes***

#### Footnotes:

- (a) Represents FY2019 actual results through June 14, 2019
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$93M in interest income in FY20 from earnings on the TSA cash balance.
- (e) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (f) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (g) Includes Federally Funded Employee Retention Credits.
- (h) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.
- (i) These line items contain commingled transfers out of TSA related to the COVID-19 Emergency Support Measures Package. Total TSA outflows related to the COVID-19 Emergency Support Measures Package are approximately \$438m as of June 12, 2020.

*General Fund Collections Summary*

**Key Takeaways / Notes**

- 1.) GF Collections have slowed due to the COVID-19 outbreak and imposed lockdown. Additionally, the lockdown has temporarily lengthened the process of reconciling and transferring collections held in a sweep account to the TSA from two days to approximately a week. There are currently \$871M in collections in the sweep account pending reconciliation and transfer to the TSA. Due to the on-going transition of various gross tax collections from Hacienda Colecturia to SURI, revenue concept detail for general tax SURI collections from June 1, 2020, through the date of this report is not available at this time. Other General Fund revenue includes receipts that have not been allocated to other concepts and this amount is approximately \$231M as of the date of this report. This will be retroactively allocated once information becomes available.

**Key Takeaways / Notes**

- 1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. The PSTBA cap for FY20 is \$437 million and was met during the week ending November 22, 2019. As such, the full 10% will now be deposited into the General Fund for the rest of FY2020.

- (a) This schedule reflects gross cash activity and is subject to revision based on periodic reconciliations and accounting adjustments.
- (b) As of June 12, 2020 there is \$53M in SUT collected pending verification and allocation. The verification process includes matching receipts with the appropriate returns and reconciling government account information. Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

**Federal Funds Net Cash Flow Summary (a)(b)**

**Key Takeaways / Notes**

- 1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Disaster Related Federal Funds are received once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act. These funds are held in a separate account outside of TSA and being disbursed according to the Strategic Disbursement Plan. Some of the measures are initially paid out through TSA, and later reimbursed from the CRF account. Additionally, \$400 million was transferred out of TSA to advance a portion of the \$1,200 CARES Act stimulus checks to individuals on May 1, 2020, and subsequently reimbursed on May 7, 2020. This transfer and reimbursement flowed through the Other Disbursements line of the cash flow summary.

**YTD Federal Funds Net Cash Flows (\$M)**

**Footnotes**

- (a) Please note that federal fund classification as represented here is based on the fund classification at the point of transaction. Agencies regularly review cash transactions and make accounting adjustments that result in fund reclassifications.
- (b) Note that the Liquidity Plan will generally project a YTD deficit each week for Medicaid and FEMA / Disaster funding. This is due to surpluses carried forward from FY19 (FY19 federal receipts in excess of FY19 federal fund outlays) that were assumed to unwind throughout the first quarter of FY20 as funds received in FY19 were utilized, thus resulting in projected net cash flow deficits for the full year FY20 in Medicaid funding (\$46M) and FEMA / Disaster Funding (\$108M). Aside from the two projected aforementioned cash flow deficits, all other federally funded cash flows are assumed to result in zero net

## Payroll / Vendor Disbursements Summary

## Key Takeaways / Notes : Gross Payroll

- 1.) As of the date of this report, YTD variance is mostly due to the timing and will be offset in future weeks. Police payroll variance is partially due to a \$46.6M transfer from the TSA to the Police Department for payments to officers as part of the FOMB-approved COVID-19 Emergency Measures Support Package. Additional Emergency Measures contributing to payroll variance include \$16.0M for the Department of Correction and Rehabilitation, \$3.0M for the Department of Health, and \$10.5M for other agencies.

## Cumulative YTD Variance - Payroll by Agency (\$M) (a) (b)

## Key Takeaways / Notes : Vendor Disbursements

- 1.) YTD variance is mainly driven by the Department of Education and the Health Department. There has also been a \$66M build in AP since the lockdown was imposed in March. This signals invoice processing delays due to the imposed lockdown may be driving an additional slowdown in vendor disbursements. The June drop in Other Agencies variance is due to \$92M CRF Strategic Disbursement Plan measures, all of which will be reimbursed by the CRF account.

## Footnotes

- (a) Gross Payroll is equal to the sum of: (i) Net Payroll by Agency from the DTPR RHUM system; (ii) Other Payroll and (iii) Cash outlays for wage garnishments by Agency.  
 (b) Central government Christmas Bonus was issued on 11/27/2019 and it is included in payroll for the week ended 11/29.

## Appropriations Summary

## Key Takeaways / Notes

- 1.) General Fund appropriations are generally executed throughout the year on a consistent basis each month and therefore largely in line with forecast. Federal legislation under the Bi-Partisan Budget Act of 2019 (passed in December 2019), allocates an incremental \$5.7 billion in Medicaid funding to Puerto Rico over the next two years. This incremental federal funding will likely cause the federal fund appropriation to exceed the FY20 budget. Note that the additional funding does not result in additional net cash flow surplus, as any incremental funding received by the TSA will be passed through to ASES accordingly. ASEM is over budget due receiving an additional \$9.3M as part of the COVID-19 Emergency Measures Support Package. All other appropriations include additional Emergency Measures Support Package items, such as the total \$100M in Municipal Support that was disbursed to 78 municipalities during the first half of April 2020 and \$60M transferred to DDEC to make direct payments to small businesses. UPR has received an aggregate \$6.2M from the Emergency Measures Support Package. Certain appropriations in the CRF Strategic Disbursement Plan are made through the TSA and subsequently reimbursed from the CRF account, including \$150M for the Department of Labor & Human Resources.

*Tax Refunds / PayGo and Pensions Summary*

**Key Takeaways / Notes : Tax Refunds**

- 1.) YTD Employee Retention Credits were greater than projected, though there is no long-term net cash flow impact as all Employee Retention Credits issued are supported by federal fund inflows. Tax refunds in excess of Liquidity Plan are due to greater than expected refunds issued for 2018 tax returns.

**Key Takeaways / Notes : Pension PayGo**

- 1.) YTD Pension Paygo and Outflow variance is temporary, and is expected to reverse in subsequent weeks.
